

# No Parking on Masonic? The Whole Neighborhood will be impacted!

## SAVE MASONIC!

1. MTA will remove **ALL** parking on Masonic from Fell to Geary
2. MTA will reduce the travel lanes during rush hour
3. MTA will install a median, which will impede fire trucks and other emergency responders. This \$18 million project will increase congestion, reduce safety, increase pollution, and create a special hardship for residents, visitors and businesses on Masonic and nearby streets.

We can stop this but **only** if your voice is heard!! Act now!! Sign the petition:
